

Back strokes

It's all a matter of redirecting the energy. If your child likes to "drive" little cars all over the furniture, and it drives you nuts, put on a **Tickle Town T-shirt**, lie down and have him "drive" over you instead. The shirt has a stylized map on the back, and as the little car is propelled over the Tickle Town streets, you get a mini-massage.

The Tickle Town T-shirt is the creation of local graphic designer **Kia Hunt** and an aunt in Phoenix, who plan to develop products for families to enjoy together. The T-shirt kit comes with an all-cotton shirt (sizes L-XL-XXL), a wooden car and paint for painting the car.

■ It costs about \$19 at **Chelsea's**, 15495 Quivira Road, Overland Park; the **Victorian Veranda Country Inn**, 1431 N. 1900 Road, Lawrence; or online at **www.koalaTtime.com**.
